Dear John:

Thank you so much for making my first aircraft acquisition experience so pleasant and reassuring. Each step of the way, you handled the transaction with the utmost of professionalism, integrity, and confidence for which Karen and I are deeply appreciative. I also want to reiterate our pleasure of working with Woody, Gloria, Norm, Jim, and Brian. Please pass along our thanks and best wishes. You folks know your business and I have no apprehensions whatsoever in recommending your establishment and services to anyone in similar need.

I received you fax of 8-15-94 outlining the AIR/OIL Separator installation and look forward to taking you up on the installation and cleaning. I'll plan to fly up to have the work done at the same time as the new wing tip installation. Just let me know when you expect them in so we know how to schedule.

Last, but not least, Karen and I want to wish you and your fiancée the very best for your wedding day. Trust we'll see you before then to extend our wishes in person.

Best Regards,

  
Dale Schmirler
